

Sandstone's Oxen- The Elder Statesmen.

The pride that we have in our Oxen at Sandstone is well known and we have drawn together a gallery of some of our "Elder Statesman". As you can see, many are 9 years old with the eldest, Staline, at 10 years old. The average lifespan of an Afrikaner Oxen is 15 years. We shall be expanding our photo gallery throughout 2025 as we add new members to the "Elder Statesman".

We hope you enjoy the gallery of these magnificent animals.
