

Lockdown Gallery end April 2020

A beautiful rainbow and other delights.

An agricultural portable engine stands guarding our main gate. The three tents are maize storage units in our bunker silo.

These are maize storage units in our bunker silo.

We have had excellent late summer rains.

Our original railway station built in 1907 which started life at Kommandonek siding.

An original Free State Government Railway 6 class locomotive 1896.

A 1910 CR Pacific locomotive – A rare beast.

We fix roads, nature un-fixes them for us but we enjoy the challenge.

A view from the complex looking towards Lesotho and the Maluti Mountains in the background.

Our ever present Cosmos pops up everywhere.

Lombardi poplars are a feature of the Eastern Free State.

Chinese poplars lose their leaves before the Lombardis.

An attractive view of one of our railway cottages.

A glimpse inside the sheep shed.

Our Waenhuis restaurant with two 1920's pillared dining cars, one built by the Birmingham Carriage & Wagon Company and one by the SAR in Pretoria..

Never a day goes by without a beautiful sunset.
