

Stars of Sandstone

2013 STEAM HERITAGE FESTIVAL

NOW AVAILABLE ON BLU-RAY AND DVD!

THE LATEST DVD FROM THE SANDSTONE HERITAGE TRUST COVERS THE SUCCESSFUL MAY 2013 "STARS OF SANDSTONE" EVENT.

This production is the next in a long line of award winning DVDs from Frameline Productions and does a superb job of capturing the essence of this unique and exciting 8 day event.

Military vehicles, trek oxen, old tractors, steam lorries, traction engines, old buses and cars blend in with the outstanding Eastern Free State landscape in perfect harmony. All of this action happens against the background of Sandstone's world renowned narrow gauge railway which is the nerve centre of the entire event. The Autumn light provides breath taking action shots of over 20 locomotives working hard on the challenging Sandstone gradients.

No one would want to miss the finale of the magnificent Mark IV Sherman tank going about its business.

This is a DVD for the whole family and no one will fail to be moved and absorbed by it!
